## Glass Ionomer Aesthetic Filling Material (P/L)

### Product Description

Advanced Healthcare's range of aesthetic glass ionomer restoratives are renowned for their high quality and excellent physical properties. Based on a particularly translucent alumino-silicate glass, these restoratives offer excellent aesthetics without any compromise in strength and wear resistance.

### Features and Benefits

- Excellent early translucency
- Exceptional strength
- Packable consistency
- High wear and erosion resistance
- 8 VITA® shades
- Easy mixing
- Superior aesthetics
- Long lasting restorations
- For ease of handling
- Durable restorations
- Excellent tooth matching
- To reduce surgery time

### Product Indications

- Class V cavities (particularly erosion lesions)
- Class III cavities
- Posterior cavities in deciduous teeth
- 'Sticky' pits and fissures
- ART Technique

### Typical Properties of Glass Ionomer Aesthetic Filling Material (P/L)

**Product Code:** 125X..... (In the following shades A1, A2, A3, A3.5, B2, B4, C3, CB)

Property	ISO9917-1:2007 Class 4.2.c	Typical Properties
<b>Working Time</b>	-----	1 min 57 secs
<b>Net Setting Time</b>	1 min 30 secs – 6 mins	2 min 32 secs
<b>Compressive Strength</b>	130MPa Minimum	258MPa

**Pack Size:** 10g powder/5ml liquid (refill)  
**Also Available** 125X6KIT Glass Ionomer Restorative Introductory Kit

### Shelf life

Refill Pack – 5 years from the date of manufacture when supplied in AHL's standard packaging.  
Intro Kit - 3 years from the date of manufacture when supplied in AHL's standard packaging.
