

Allergy advice for Advanced Healthcare Ltd products.

Code	Product Name	Allergy advice	Vegan
UL006	Zinc Cement Liquid		✓
UL008	GI Restorative Anhydrous Base	PAA can cause a reaction if susceptible	✓
UL010	TFM White		✓
UL011	Polyacrylic acid liquid	PAA can cause a reaction if susceptible	✓
UL012	Anhydrous GI Restorative	PAA can cause a reaction if susceptible	✓
UL014	Prophypaste Medium Orange O.F.	Contains Orange oil	✓
UL019	Prophypaste Coarse Mint O.F.	Contains Mint oil	✓
UL021	Toothcleanser	PAA can cause a reaction if susceptible	✓
UL024	Etch Gel		✓
UL026	GI Luting Semihydrous	PAA can cause a reaction if susceptible	✓
UL032	Prophypaste Coarse Mint Std	Contains Mint oil	✓
UL033	Prophypaste Coarse Orange Std	Contains Orange oil	✓
UL034	Prophypaste Medium Orange Std	Contains Orange oil	✓
UL036	Prophypaste Medium Mint O.F.	Contains Mint oil	✓
UL039	Prophypaste Coarse Orange O.F.	Contains Orange oil	✓
UL040	Prophypaste Medium Mint	Contains Mint oil	✓
UL041	Prophypaste Medium Thymol	Contains Thymol oil	✓
UL046	ZOE Rein Lining Powder		✓
UL060	Silver Reinforced GI Anhydrous	Contains Silver	✓
UL061	GI Lining Cement Semihydrous	PAA can cause a reaction if susceptible	✓
UL070	GI Luting Anhydrous Base	PAA can cause a reaction if susceptible	✓
UL071	Acid Etch Gel Blue		✓
UL078	Zinc Polycarb Semihydrous	PAA can cause a reaction if susceptible	✓
UL079	Zinc Polycarb Anhydrous	PAA can cause a reaction if susceptible	✓
UL081	GI Luting Anhydrous	PAA can cause a reaction if susceptible	✓
UL087	Zinc Phosphate Cement Powder		✓
UL114	Prophypaste Medium Citrus Std	Contains Lemon oil	✓
UL117	GI Silver Reinforced Restorative	Contains Silver	✓
UL125	GI Aesthetic Restorative Semihydrous	PAA can cause a reaction if susceptible	✓
UL126	Light Cure Glaze	Contains Methacrylate Monomers Contains BPA derivatives	✓
UL127	Reinforced ZOE Liquid	Contains Eugenol	✓
UL180	OTC Temporary Filling Material		✓
UL187	Fine Lemon Prophypaste	Contains Lemon oil	✓
UL188	Medium Mint Prophypaste	Contains Mint oil	✓
UL198	GI Plus Liquid	PAA can cause a reaction if susceptible	✓
UL201	GI Plus Luting Powder		✓
UL206	GI Aesthetic Anhydrous Water Mix	PAA can cause a reaction if susceptible	✓
UL208	Glass Ionomer Orthodontic Cement	PAA can cause a reaction if susceptible	✓
UL224	Temporary Dental Cement		✓
UL226	High Viscosity Temporary Filling Material		✓
UL232	GI Silver Rein Rest Humid Stable	Contains Silver	✓
UL250	1-Part Bonding Agent	Contains Methacrylate Monomers	✓
UL259	GI Luting Humid Stable		✓
UL261	GI Restorative Humid stable		✓
UL262	Temporary Luting Cement		✓
ULRM265	Mouthwash Tablets Mint		✓
UL276	GI Aesthetic Posterior Restorative		✓
UL293	OTC Temporary Filling Material Cherry	Contains Cherry oil	✓
UL299	RMGI Luting Powder		✓

UL300	RMGI Luting Liquid	Contains Methacrylate Monomers PAA can cause a reaction if susceptible	✓
UL303	Prophy Paste Medium Bubblegum Standard	Contains Cherry oil	✓
UL304	Prophy Paste Medium Strawberry Standard	Contains Strawberry oil	✓
UL311	ZOE Temporary Luting Cement Catalyst Paste	Contains Eugenol	✓
UL312	ZOE Temporary Luting Cement Base Paste		✓
UL314	Mouthrinse Concentrate	Contains Mint oil	✓
UL316	Universal Light-Cure Composite Restorative	Contains Methacrylate Monomers Contains BPA derivatives	✓
UL326	One Step Bonding Adhesive	Contains Methacrylate Monomers Contains BPA derivatives	✓
UL330	Cocoa Butter		✓
UL340	Red Disclosing Pellets		✓
UL341	Blue Disclosing Pellets		✓
UL346	LC GI Base Liner Cement		✓
UL349	LC RMGI Liquid	Contains Methacrylate Monomers PAA can cause a reaction if susceptible	✓
UL375/376	Eugenol Free Temporary Cement		✓
UL393	GI Ceram Rein EXTRA		✓
UL394	Gingival Retraction Paste		✓
UL396/397	Calcium Hydroxide Base Liner		✓
UL398/399	ZOE Endodontic Cement	Contains Eugenol	✓
UL400	Non-Aqueous Calcium Hydroxide Paste		✓
UL402	Improved LC-RMGI		✓
UL403	Improved LC-RMGI Liquid	Contains Methacrylate Monomers PAA can cause a reaction if susceptible	✓
UL405/406	Epoxy Resin Root Canal Sealer	Contains Epoxy Resin	✓
UL411	BULK Fill Composite	Contains Methacrylate Monomers Contains BPA derivatives	✓
UL412	GI Posterior Anhydrous	PAA can cause a reaction if susceptible	✓
UL414	LC Calcium Hydroxide Liner	Contains Methacrylate Monomers	✓
UL416	LC RMGI Capsule	Contains Methacrylate Monomers	✓
UL420	LC GIC coat	Contains Methacrylate Monomers Contains BPA derivatives	✓
UL421	Light-Cure Flowable Composite F10	Contains Methacrylate Monomers Contains BPA derivatives	✓
UL422	Light-Cure Flowable Composite F00	Contains Methacrylate Monomers Contains BPA derivatives	✓
UL423	Light-Cure Flowable Composite F03	Contains Methacrylate Monomers Contains BPA derivatives	✓
UL424	Bulk Flow Composite Restorative Flow	Contains Methacrylate Monomers Contains BPA derivatives	✓
UL430	Epoxy Resin Root Canal Sealer Paste		✓
UL432	GI Extra Luting		✓
